7. [] LIAISON Received a call from Clay McManaway, State Department, who wished to advise us that State had briefed Chairman Thomas Morgan (D., Pa.) House International Relations Committee on []

8. [] LIAISON "Chips" Chester, staff of the House International Relations Committee, called to say that a personal friend of his, [] apparently has changed his address and Chester would like to know how he could correspond with him. I told him I would check and see if I could provide him with the current address of [] [] was contacted and given Chester's telephone number and he will get in touch with him directly.

9. [] LIAISON Carl Duckett, DDS&T, and I met with Senator Howard Baker (R., Tenn.) to discuss with him his plans to visit the area of a sensitive Agency collection facility during the Senator's upcoming trip. Senator Baker was most cooperative and said at the outset of our meeting that if we did not want him to go to this site, he would not go and it would not be necessary for us to discuss the matter further. Mr. Duckett and I thanked him, however, Mr. Duckett said he wanted to give him a fill-in on the facility and he proceeded to give him a summary briefing. He offered to give the Senator a more detailed briefing when time permits. The Senator was most cordial and expressed the hope that the inquiries into the Agency could be quickly completed and that the necessary changes could be made so that things could get back to a normal situation.

10. [] TRAVEL Chuck Snodgrass, staff of House Appropriations Committee, visited the Agency to get briefings from representatives of DIVD, OEL, and EA Division on areas to be visited on our upcoming trip to the Far East and the South Pacific.

Following our briefing session, Snodgrass made two points regarding our budget. He said he was concerned with our inability to terminate programs which we have indicated we proposed to terminate and which the Committee has said should be closed out. []

out that the Director had tried as hard as anyone to dispose of this item and we had, unfortunately, met insurmountable problems in attempting to do so.
